Dear Families,

Next Wednesday and Thursday we are holding our first set of 3-Way Conferences. You have been able to sign up for a time since last Wednesday. If you are having any difficulty with signing up, please contact your child's teacher or the office.

These conferences will have a very similar format to our Student Learning Showcases where your child will have the opportunity to share their learning journey with you through various centres in the classroom. Your child's teacher will be leading a centre so you, your child and the teacher can sit together to discuss learning goals for the year. This conversation is meant to be a positive one to focus on what is going well in the learning process, as well as next steps and goal setting for your son/daughter. If there are concerns about a child's learning, the teacher has already been in touch with you to ensure a private conversation has taken place. This being said, if at any time during the school year, you would like a private conversation with the classroom teacher, you are welcome to reach out at any time.

During these evenings you will also have a chance to review the online portfolio (myBlueprint) your child is using with the help of the teacher, to document their learning. You are encouraged to have a look at myBlueprint with your child prior to the 3-Way Conference.

3-Way conferences are one part of Real Time Reporting. They are meant to be a positive way for you to celebrate your child's learning as well as have 10 minutes with the teacher to talk about next steps in learning. It's important that the child be part of this process, as he/she is the key player in learning. When siblings join in the process, please ensure you keep them close by so they do not distract from the experience for your child or for others.

We look forward to seeing you next week!

Sharon Cronin and RancheView Staff
