October 2018

Dear Parents,

As previously communicated via school newsletters, weekly highlights and our first information night in June 2018, RancheView School will be implementing Real Time Reporting (RTR). This means that your child's progress will be communicated regularly so feedback can be accessed in "real time".

Teachers will be assessing a student's level of understanding of curricular outcomes and providing feedback through PowerSchool. Prior to RTR, you may have seen a list of activities in PowerSchool's Public Portal that students completed. Now, you will see a list of outcomes students are learning and your child's proficiency with those outcomes which will be in the form of an "I Can" statement.

We are holding our second Real Time Reporting Information night (a repeat of the June meeting) on October 10th at 6:30pm in the Learning Commons (child care is provided). Please join us to hear all about the changes we are making to reporting assessment. Please RVSP your attendance by October 9th. This process may bring up many questions. Below you will find a detailed document called the Parent Guide to Real Time Reporting, that will be helpful in familiarizing yourselves with this process. It will answer many questions you may have about the direction RancheView (along with 10 other schools in RockyView ) is taking with regards to communication of student learning.

If you have any questions or you are unable to log-in, please use these tips

<http://www.rockyview.ab.ca/families/powerschool/powerschool-for-parents> or contact the office.

As time goes on, we'll be looking for feedback from our families, so please watch for this request. We are all learning this new process together and we look forward to witnessing the positive impact that this new form of reporting/communication will have on your child's learning here at RancheView.

Sincerely,

Sharon Cronin and RancheView Staff
